

ROHIT KUMAR

UI/UX DESIGNER

Faridabad, India | (+91)7042635500 | kurrohit300@gmail.com

Professional Summary

Creative and detail-oriented UI/UX Designer with over 1 years of freelance experience specializing in user interface and user experience design for a wide range of industries. Proficient in creating intuitive and visually appealing designs that enhance user engagement and satisfaction. Strong background in wireframing, prototyping, and user testing, with a proven ability to collaborate effectively with cross-functional teams. Seeking to leverage freelancing expertise in a full-time, industrial role to create impactful user experiences.

Professional Experience

Freelance UI/UX Designer

Remote

June 2022 – Present

- Designed and developed user-friendly interfaces for over 50 clients across various industries, including e-commerce, healthcare, and finance.
- Conducted user research and usability testing to gather insights and refine designs, leading to a 25% increase in user satisfaction on average.
- Created wireframes, mockups, and interactive prototypes using tools such as Figma, Sketch, and Adobe XD, ensuring a seamless transition from concept to final product.
- Collaborated with developers to implement responsive and accessible designs, resulting in a 30% improvement in website load times and accessibility scores.
- Delivered high-quality designs under tight deadlines, demonstrating excellent project management and time-management skills.

Selected Projects:

1. **E-commerce Website Redesign**
 - Improved the user journey by restructuring the navigation and simplifying the checkout process, which increased conversion rates by 15%.
 - Utilized A/B testing to optimize product pages, leading to a 20% increase in average order value.
2. **Healthcare App UI/UX Design**
 - Developed a user-friendly interface for a telehealth app, enhancing the user experience for patients and doctors.
 - Implemented a color-blind-friendly design system, ensuring inclusivity and accessibility.
